About Beutex

Beutex is a professional outerwear company integrating design, production and export, established in 2001, located in Ningbo city, China..

Our main products are high quality down&padding jackets, wool coats, rain coats , and light spring jackets, mainly for Ladies.

What makes us different from other woven suppliers:

Each 6 months we make a new collection together with our outerwear trend analyse. Our collection is made 99% with Chinese fabric's and treatments. We have very skilled pattern makers in house, who have a lot of expertise with European fittings, to make sure that each size is perfect. Our sampling center is well known by our customers for its amazing samples and high efficiency.

Also our merchandisers and own QC team are very skilled and work over 10 years with European partners, and are well known with European and International standards.

Our fabric factory, sewing factory and our office all obtained GRS certificate and RDS certificate. Our factory is approved BSCI too.

Our own factory established in 2008 with monthly output 20000pcs. In the meantime, we have more than 20 stable subcontract factories to ensure good quality and punctual delivery.

We earned lots of experience to help our customers to develop jackets program from zero or small business and grow up their jackets business till to one of the tops in the their market.

To help our customers to achieve their dream is our final destination. To be the most valuable Chinese outerwear supplier is our aim.

We look forward to establishing friendly and cooperative relations with you to realize mutual business development.
